essay by W. A. Glassford, heatenant signal corps, which includes an examination of the can-es of the wet and dry seasons on the Pacific slope, the abandance and deficiency of rain in different localities, etc.—the whole constituting a very valuable contribution to popular knowledge. It is made plain that we owe our rainfall in the Western valleys and on the Western mountain slopes chiefly to the prevalence of occan winds during the winter scarce, and to their contact with high mountain ranges. This is a fact that sught to have presented itself at ance to every observer and yet there is a good deal of discussion as to the cause of our winter rains, as if it were thing unknown.

known in Oregon as the Cascade range and in California as the Sierras, the rainfall depends somewhat on local conditions; but even there the wirds from ocean still carry a great deal of moisture, which is condensed it comes in contact with the greater eleva-

SEE OUR CORNER WINDOV!

We have just received and are now showing our second lot of new Spring Ties in MADE-LP and FOUR-IN HAND. It came just in tune, for the first shipment was about closed out. This lot is from R. K. DAVIES & CO., one of the leading manufacturers of New York, and contains some very desirable novelties.

Kindly compare our stock with that of other houses and you will find that we not only have a better selection, but, quality considered, our prices are lower.

VEW 10RN MARKET

NEW 10RN MARCH & THOS BOOK MARKET

NEW 10RN MARCH & The Stock market was
fail, active with considerable teverishness and
a decided wetkness in a few of the leading shares,
ontaids of which, however, there was absort no
feature or merement of interest. The continued
outpute of long stock in Atcheson, Burtington
and Ro & Island was the great indure of the deal
sings of the day and the only moving force in the
market. The market finally closed rather heavy,
with most of the stocks at close to the opening
figures but the Itaders, with the exception of
Burtilington and Rock Julind, which were neld up
by the dividends were at the lowest fitures.
